

# Guidance for tribal engagement with MIO TAC

## Administrative

---

- 1 What kind of grants do you support?**
  - TAC is currently providing support for federal infrastructure grants provided by IIJA/BIL. Please reach out to TAC directly to discuss additional grants.
- 2 Do I need to pay anything out of pocket or up front?**
  - If you work directly with TAC, you will not need to pay for services out of pocket.
- 3 Is there a deadline for enrolling in TAC services?**
  - TAC provides assistance to Tribes on a rolling basis. However, if you have a specific grant you're interested in applying for, register interest with TAC ahead of grant deadline, as grant writing process can take 1-3+ months depending on project readiness and application complexity.

## Where to get started

---

- 4 I don't know where to get started but want to improve infrastructure for my Tribe, how do I get started?**
  - Register interest by emailing Kris Brady or speaking with your Tribal liaisons
- 5 I have a project but don't know what grant I want, what should I do?**
  - Register interest by emailing Kris Brady or telling your Tribal liaisons, with initial coaching conversations and grant ID services to follow

If interested, please contact Kris Brady, TAC Director, Michigan Infrastructure Office:
